

List of Accessories

PRIMUS 8603800

-English-

<u>Device</u>	Primus	86 02 940
 <u>Basic unit</u>		
either	Chassis (mobile unit)	86 02 936
or	Wall/ceiling unit	86 02 937
	Primus ceiling pendent system	G 18 155 *
	Primus wall mount	G 18 490 *
 <u>Pneumatics</u>		
	Pneumatics without external fresh-gas outlet	86 03 650
	Pneumatics with external fresh-gas outlet	86 03 651
	Conversion kit External Fresh-gas Outlet (initial equipment)	86 03 256
	Connection for O ₂ gas outlet	86 03 253
	Connection for air outlet	86 03 255
 <u>Accessories necessary for clinical operation as per EN 740:</u>		
<u>Connecting hoses</u>		
	All Dräger connecting hoses of design, color coding and connection threading according to individual legal regulations	86 01 697
	Gas supply hoses may be adapted to available gas supply facilities by the manufacturer.	
	If supply pressure is above 5 bar, gas supply hoses of up to 10 m long may be used, if the inner diameter is at least 6.3 mm.	
	Adapter O ₂ DISS/NIST	M 34 875
	Adapter N ₂ O DISS/NIST	M 34 876
	Adapter AIR DISS/NIST	M 34 877
	Adapter VAC DISS/NIST	M 34 878
	Adapter O ₂ DIN/NIST	M 32 366
	Adapter N ₂ O DIN/NIST	M 32 367
	Adapter AIR DIN/NIST	M 32 368
	Adapter VAC DIN/NIST	M 32 369
	Hose NIST O ₂ / 1m	M 32 671
	Hose NIST N ₂ O / 1m	M 34 947
	Hose NIST AIR / 1m	M 34 948
	Hose NIST VAC / 1m	M 34 949

Power supply cable

Only those power cables delivered with the basic unit are authorized for use.

Potential equalization cable

Cable, 0.8 m long	83 01 348
Cable, 3.2 m long	83 01 349

Anesthetic agent vaporizers

Connection systems for anesthetic agent vaporizers

Twin connection Dräger	M 34 333
Twin connection Selectatec™	M 35 115

Dräger vaporizers with Dräger connection system for the anesthetic agents halothane, enflurane, isoflurane, sevoflurane and desflurane

Vapor 19.3

H-Vapor 19.3/ 4% PIN safety	DB 01 154
E-Vapor 19.3/ 5% PIN safety	DB 01 128
I-Vapor 19.3/ 5% PIN safety	DB 01 129
S-Vapor 19.3/ 8% Abbott	DB 01 180
S-Vapor 19.3/ 8% PIN safety	DB 01 166

Devapor

Devapor (de)	M 32 600
Devapor (en)	M 32938
Devapor (fr)	M 32939
Devapor (it)	M 33 385
Devapor (es)	M 33 386
Optional Permitted language	

Vapor 2000

Isoflurane	DA 01 131
Sevoflurane	DA 01 149
Enflurane	DA 01 150
Halothane	DA 01 132

Vapor 2000 accessories as listed in the respective accessories list

Filling adapter Vapor 19.n and Vapor 2000

Filling adapter "H"	M 30 288
Filling adapter "E"	M 30 289
Filling adapter "I"	M 30 290
Filling adapter "S"	M 31 930
Drainage set Quick-Fill	M 34 206

For information on combination releases for anesthetic agent vaporizers with Selectatec™ connection systems manufactured or sold by other companies ask your Dräger Medical representative.

Anesthetic agent vaporizers with Dräger compatible connection systems manufactured or sold by other companies are not authorized for use with Primus.

Anesthetic gas scavenging system

Anesthesia gas scavenging system (AGS) as per EN 740	
Operating range of suction: 30 - 50 L/min	M 33 300
AGS transfer hose 0.75 m	M 33 955
AGS transfer hose 0.5 m	M 35 016
AGS suction hose 0.5 m	M 35 015
AGS suction hose 1.5 m	M 33 297
AGS suction hose 3 m	M 33 298
AGS suction hose 5 m	M 33 299
Anesthetic exhaust plug, 45° (for Dräger supply units)	G 60 440
Anesthetic exhaust plug, straight (for Dräger supply units)	G 60 580

Accessories for integrated gas and ventilation monitoring

Accessories set Initial Equipment, incl. breathing hoses	86 01 139
O ₂ sensor	68 50 930
Sample line for sample gas measurements	82 90 286
Water trap WaterLock (set of 12)	68 70 567
Spirolog sensor (set of 5)	84 03 735

Special accessories

Conversion kit External O ₂ Flowmeter Standard	2M 86 248 *
Conversion kit External O ₂ Flowmeter 90°	2M 86 249 *
Connecting nozzle, 6mm diameter	M 06 249
Connecting nozzle, 22/15mm cone	AF 00 434
Mount for external O ₂ flowmeter	86 04 116
Conversion kit External Fresh-gas Outlet for Retrofitting	86 03 388
Oval pipe hinged arm	M 34 080
Mount for hinged arm	86 01 400
Conversion kit Hose Mount (supply hoses)	86 01 714
Conversion kit Extra Drawers	86 01 997
Conversion kit Mounting Rail Extension for Drawers	86 01 977
Conversion kit Infusion Bar	86 01 863
Halogen lamp Euro	86 04 119

Halogen lamp British Standard	86 04 120
Halogen lamp UL Standard	86 04 122
Mount for halogen lamp	86 04 126
Mount for park position vaporizer	M 33 370

SpO₂ monitoring

Conversion kit SpO ₂	86 03 870 *
All sensors authorized for MP506	
All basic cables authorized for MP506	
Extension cord type DEC4, 1.3m	57 20 071
Extension cord type DEC8, 2.6	86 00 859

Bronchus suction with controlled performance settings

Suction for compressed air operation (ejector)	MK 01 420 *
Suction for vacuum operation	MK 01 422 *
Hinged arm for suction cylinders	86 03 581

Bronchus suction standard

Conversion kit AIR/ O ₂ Primus M	86 03 924
Conversion kit AIR/ O ₂ Primus C/W	86 03 925
Conversion kit VAC Primus M	86 03 926
Conversion kit VAC Primus C/W	86 03 927
Mount for external O ₂ flowmeter	86 04 116
Connecting hoses, see page 1	

Suction accessories

Consisting of:	86 01 179
Secretion cylinder 0.7 L	2M 85 594
Cylinder cap with safety valve	2M 58 012
Secretion viewing window	M 07 582
Suction hose 1.5 m	M 25 780
Angled connection	M 30 159
Hose, 5 x 2 silicone	12 03 606
Cylinder pack with claw (for ceiling unit)	2M 86 036
Rails, complete (for ceiling unit)	AF 00 348
Cylinder pack (for wall unit)	2M 85 056
Rail mount with claw (for wall unit)	M 26 842

Disposable suction accessories

VacuSmart disposable receptacle 0.7 L	MX 23 023
VacuSmart disposable hose, 2 m	MX 23 026
Filter	MK 00 514

Cylinder supply

All authorized gas cylinders for the medical gases O₂, N₂O and air

Pressure reducer for supply cylinders

Incl. connecting hoses and high-pressure sensor	
Pressure reducer (O ₂ / G3/4)	86 03 465
Pressure reducer (O ₂ / Pin Index)	86 03 466
Pressure reducer (O ₂ / GB-HS)	86 03 707
Pressure reducer (O ₂ / GO)	86 03 708
Pressure reducer (O ₂ / short, Pin Index, for USA)	86 03 705
Pressure reducer (N ₂ O / G3/4 A)	86 03 464
Pressure reducer (N ₂ O / G3/8)	86 03 463
Pressure reducer (N ₂ O / Pin Index)	86 03 462
Pressure reducer (N ₂ O / GH)	86 03 711
Pressure reducer (N ₂ O / GJ)	86 03 713
Pressure reducer (N ₂ O / short, Pin Index, for USA)	86 03 714
Pressure reducer (Air / G3/4)	86 03 719
Pressure reducer (Air / Pin Index)	86 03 718
Pressure reducer (Air / GB-HS)	86 03 720
Pressure reducer (Air / GO)	86 03 722
Pressure reducer (Air / short, Pin Index, for USA)	86 03 514
Cylinder hanger for connecting (hanging) Pin Index cylinders	86 02 856

Ventilation accessories

Compact breathing system, complete	86 02 810
Reusable microbe filter 654 ST isoclic (set of 5)	67 33 895

Breathing hoses

Adult hose set	M 34 569
Pediatric hose set, complete	M 33 681
Conversion kit Children's Hose Set	M 27 542

All breathing hoses come with ISO connections (as per ISO 5367 or EN 12 342)
max. length 3m

Y-pieces and connectors

Y-piece	84 12 220
Y-piece Luer lock	M 33 278
Y-piece 90°, ISO	M 25 682
Y-piece straight, ISO	M 25 650
Y-piece 90°, pediatric	84 03 075
Y-piece straight, pediatric	M 27 077
Double connection, ISO	M 25 647

Disposable hose sets

Anesthesia set, basic Easytube	MX 22 700
Anesthesia set, complete Easytube	MX 22 705
Anesthesia set, basic Smartube	MX 22 702

Breathing masks

Breathing mask, size 1	21 65 732
Breathing mask, size 2	21 65 740
Breathing mask, size 3	21 65 759
Silicone pediatric mask, size 1	AB 10 048
Silicone pediatric mask, size 2	AB 10 049

Breathing bag

Breathing bag, silicone 0.5 L	21 66 054
Breathing bag, silicone 1.5 L	21 66 127
Breathing bag, silicone 2.3 L	21 66 062
Breathing bag, silicone 3.0 L	21 66 070
Breathing bag, latex 0.5 L	21 65 686
Breathing bag, latex 1.5 L	21 65 953
Breathing bag, latex 2.0 L	21 65 694
Breathing bag, latex 2.3 L	21 65 708
Breathing bag, latex 3 L	21 65 716

All breathing bags authorized by EN 1820 or ISO 5362

Disposable filters and HME/filter

SecuRed Big	MX 02 650
SecuRed	MX 02 651
SecuRed L	MX 02 652
DoubleBlue Big	MX 02 640
DoubleBlue	MX 02 641
DoubleBlue L	MX 02 642
DoubleBlue Paed	MX 02 645

All filters and HMEs authorized by EN 1820

Emergency breathing bags

Resutator 2000	21 20 046
Pediatric Resutator	21 20 984
Baby Resutator	21 20 941
Hook for Resutator	M 26 349
O ₂ demand valve 'Oxidem 3000'	2M 86 296

All emergency breathing bags authorized by EN 740

Non-rebreathing systems

Kuhn instruments ISO	M 34 823
Connecting sleeve for Kuhn instruments	M 13 506
Anesthetic gas scavenging for Kuhn ISO	M 25 838

CO₂ absorber

Drägersorb 800 Plus 5 L container	MX 00 001
Drägersorb CLIC, 1.3 L disposable absorber (package of 6)	MX 00 004
Adapter for disposable absorber	MX 00 012
Drägersorb FREE 5 L container	MX 50 050

Hemodynamic monitoring

Ask your Dräger Medical representative for information on combination releases for combining Primus with patient monitoring accessories.

Data management systems

Ask your Dräger Medical representative for information on combination releases for combining Primus with data management systems.
